3. Swimming course

4. Lifeguard courses.

Before training, my suggestion you may do DSD (Discover Scuba Diving). It takes about 30 minutes. You can dive max. 5 meters with instructor. If you want we can take your underwater photos

If you want to continue after DSD (Discover Scuba Diving). So if you want to start the course. The fee which is you pay for DSD can be deducted from the training fee.

When you get a book, if we have a beginner group you can join but if we haven't got any group you can start the course alone.

Our training groups will be max. 4 divers.

In the training; it's included theoretical part and 6 dives. For your last dive, you will do open water dive by boat. That's present from our dive center. All underwater photos free.
